LB 114, 165 - 184

Now if we do not have some kind of order like this, we are going to fall behind, not only in having bills printed, but also in having bills introduced. You should keep in mind especially and then, Pat, Mr. Clerk, you can make any comment you want to, but we do need to have your request to the Bill Drafter or you will not get your bills introduced in the time that is allotted according to the rules and we need to follow this as closely as we can. Now do you have, Mr. Clerk, any other comment you would like to make? If there are any questions I would appreciate fielding them now because we need to cooperate with the Bill Drafter. I assume that you have not sent in several bills for introduction because you are not going to have those bills because we are way behind two years ago and way behind four years ago as far as the introduction of bills is concerned. I take this to mean that you do not want all these bills processed at this time so we have more time to discuss the bills that may be before us. If there are no questions then, that is the announcement. If you have any comments or questions, please come and talk to me about it. Thank you, sir.
